Kaindorf, 5th April 2024

Elsta Mosdorfer takes over the Companies EBG electro and EBG innolab

Dear business partner,

We hereby inform you that Elsta Mosdorfer GmbH has taken over the two companies EBG electro and EBG innolab from the EBG group with effect from 2nd April 2024. The previous owners are leaving the company.

Elsta Mosdorfer is part of the Knill Group, a family-owned group of companies headquartered in Austria. With its own production, sales, service and logistics centers in Europe, Asia, the USA and Australia, the Knill Group is a strategic partner to the global energy industry.

The acquisition of EBG electro and EBG innolab is an important step towards expanding our business in the field of enclosure systems. Together we want to strengthen our innovative power and growth.

We are aware that the past few months may have been challenging for you as a business partner. With the takeover by Elsta Mosdorfer / Knill Group, we want to create a solid foundation for the future. Elsta Mosdorfer provides the financial stability to restore the reliability EBG was known for.

Our primary goal is to address any delays in contract fulfilment and communication as quickly as possible and to create a stable basis for future business relationships.

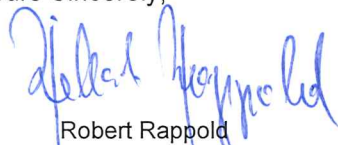

What will change for you?

In principle, nothing will change for you as a result of the acquisition; EBG electro and EBG innolab will remain independent companies.

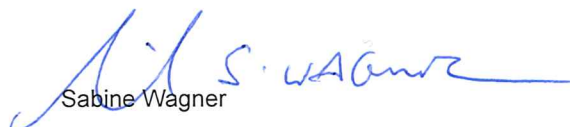

Your current contacts in the respective companies will remain the same and will be available to discuss any question regarding the takeover personally.

We would like to thank you for your support and are looking forward to continuing our business partnership.

Yours Sincerely,

Robert Rappold

Sabine Wagner
